# Glad's

I wish to take this opportunity of thanking my many customers for last year's patronage and for the many kind letters which I have received. Herewith is presented a selection from the finest group of Glad varieties that I have ever grown at what, I believe, are the most attractive prices. A good number of the Glads here listed are being offered for the first time this season in this country and a few have not as yet been offered by any other American grower as far as I can learn.

My new catalog will be out soon after the first of the year according to present plans and in it will be listed a number of varieties not included here, among them being Bullfinch, Blue Delight, and others as well as, perhaps, one of my own seedlings which has been making a good showing. The catalog is to be illustrated both in color and black and white and I hope to incorporate such information as to make it one of the most useful of Glad catalogs thus far published. Besides descriptive matter there will be personal observations and comparisons of various varieties giving both merits and demerits of the flowers described.

Those who planned on entering the photo contest described in my 1932 catalog should submit photos now as it is unlikely that any coming in after December 1st can be considered in judging for the prize.

Of many of the newer varieties I have but limited stock and I advise early orders to insure getting started with these Glads which are much in demand and of which stock is, as yet, very limited.

## TERMS

To encourage early orders this year I am offering a cash discount of 25% on all orders received before December 1st. This discount does not apply to the following varieties of which stock is very limited: Sunnyside, Wasaga, Duna, Coronation, Debonair, Golden Cup, Smiling Maestro, Rameses, Blue Peacock, and collections. In addition to this on all orders for \$25.00 or more, additional stock to the value of 15% of the order may be selected free of charge.

I aim to send out only clean, true-to-name stock, free from disease and insects. As the season has been somewhat late this year, delivery in most cases cannot be made until about December 15th, although I expect the quality of the stock to be equal or superior to that offered other years despite adverse conditions early in the season.

All stock prepaid at prices quoted and offered subject to prior sale. 5 bulbs or bulblets at the 10 rate; 25 at the 100 rate except where the item will amount to less than 10c. Notice the collections which I am offering.
